

# Project Life

## What will I learn?

This course aims to give you the skills and knowledge that all adults need to get by in life. Most people will go on holiday, buy a car, rent or buy a house and have to pay bills at some point in their lives. We will cover the basic knowledge that will allow you to do this but also develop your investigating skills so you are better able to be able to do this yourself in the future - independently.

## What will I do?

Using teacher input and appropriate resources including iPads, we will cover the following:

- How to organise...
- Holiday and travel
- Buying a car and running it
- Buying or renting a house and running it – insurance, bills, Council Tax
- Basic preventative health checks

The learning environment is very much pupil led – pupils are very welcome to make suggestions on what they would like to know!!

## What will I achieve?

Every pupil will work towards their own manual which they can take away with for future reference.
