NEWSLETTER FOR PARENTS / CARERS OF PUPILS ATTENDING KELSO HIGH SCHOOL

SKILLS DEVELOPMENT SCOTLAND

CAREERS ADVISER SERVICES IN KELSO HIGH SCHOOL

Dear Parent or Carer,

I am contacting you to advise that due to Covid-19 restrictions and Scottish Borders Council limiting the number of adults in school for the first term of school, I will not be meeting pupils face to face, however, I am providing a service virtually through the use of pupil's iPads.

I will be contacting pupils through their school email addresses to arrange appointment times. School staff will be aware of the appointment times and pupils will have permission to leave their class to attend.

We are liaising with schools, throughout the whole process, to ensure the best support is in place for your child.

Skills Development Scotland has produced a range of websites to support parents/ carers with careers conversations. You can find information at www.mykidscareer.com and the parents section of www.myworldofwork.co.uk

Best Regards

Vicky Sinclair
