

We are looking to expand our team by adding Inspire Parent Ambassador from every cluster in the Borders.

Inspire Parent Representatives will form a link between the Inspire Learning Programme and all the parent bodies across the Borders. This will allow us to target digital skills 'cafe' sessions for parents and careers, including support for homework with children, sessions on cyber-security and safety, as well as broader digital skills such as making videos, taking better photos and even accessing council services.

We will be looking to engage with Inspire Learning Parent Ambassadors before December 2020, with a view to sharing a programme of events and updates from the Inspire Learning Team in the new year.

If you would like to become an Inspire Learning Parent Ambassador, please contact the chairperson of your local parent council who will then nominate an Inspire Learning Parent Ambassador to our team.

We look forward to welcoming you to the team!

Inspire Learning is the UK Award nominated education programme in Scottish Borders.

The Inspire team work across all 9 secondary schools and every primary school, supporting teachers and young people to make learning in the Scottish Borders the best place in the world to learn and teach.
