ART FOR ALL An exciting new immersive Art project for P6 – S1

Cheviot Youth are delighted to bring to your attention a new art project delivered in partnership with Transform Arts CIC and our Emotional Well-being Officer. The project will include film making, sculpture, drawing & painting and using recycled materials. It will run throughout this academic year, working with three professional artists starting in October.

The programme is open to young people in years P6-S1 and is aimed at supporting young people with their well-being through the art project. Those with mental health issues, disability, additional needs or other challenges are all welcome to take part, and we hope to support everyone to have fun, socialise, build confidence and achieve something great!

Details of our first term …

Art For ALL – Autumn Term with artist Shirley Johnson
I CANT DRAW…...WHO SAYS?

This art course for everyone to enjoy making art and feel good, whatever their ability.
Starting with some fun and a bit daft drawing exercises we will explore different materials and styles. We will take the time to look differently at familiar objects, using our senses afresh... then practise and find our own style using a variety of art materials.
We have the option to design and create original art for the walls of the new chill-out room based in Cheviot Youth Kelso Hub, which would be so exciting. We need your help with that!!
Come along and get creative, have fun and socialise in a safe space. These workshops are funded by Creative Scotland via Youth Scotland and the Scottish Government, and are delivered by Transform Arts CIC in partnership with Cheviot Youth.

Dates: Block of 9 Thursdays. 19th October - 14th December 2023

Times:
3.30-4pm – Optional, arrive early for snack or a warm meal (small charge) and/or getting changed.
4pm-5.30pm - Art Session.
